**Harvest 2006:**

**NOTICE: The severe storm of July 17 will impact production and quality of cherries in WC and NW MI. Very high winds in many locations with loss of fruit and downed trees. This will effect reports in Week 4 and beyond.**

NW Harvest has begun in earnest.

WC MI Handlers suggest that they are about ½ done. They still note some quality concerns.

SW MI Not done yet, but likely to finish up in Week 4.

OR Continuing harvest.

PA Will finish this week.
