All areas are now harvesting. A big week for the industry. All districts have reported production through Wk 3.

NW MI - Harvesting in earnest now. Quality there is good. Too early to assess total quantity.

WC MI - A large week of production. Quality very good.

SW MI - Another big week. Already past estimate. There will be additional production in Wk 4.

NY - Orchards east of Rochester have a lot of fruit. Harvest will continue in Wk 4 & probably Wk 5. Quality quite good.

OR - Quality good. Have already exceeded estimate. **PA** - Done. **UT** - Just started. Too early to project quantity. Early quality good. **WA** - Great quality so far. Their 2nd week's production a bit smaller than Wk 1. **WI** - Harvest has just begun.
