Harvest 2008:

NW MI - A big week for the district. Monts. will continue in Week 5, but volume will be diminish. Other varieties will follow. Quality about the same as earlier weeks.

WC MI - Majority of the Monts. seem to be finished, but there will be some in Week 5. Other varieties to follow. Quality continued to present challenges.

SW MI, PA, WA, WI - Harvest completed.

OR - Harvest conditions ideal until late in the week. Still harvesting.

NY - A small amount is expected in Week 5.

UT - Quality is good; fruit size is large. Crop size is looking to be larger than previously thought.
