NW MI - Production tailed off a bit from Wk 5. We will see production also reported in Wk 7. Cherries have held up despite storms, winds and heat. Grower diversions continuing.

WC MI - Production tailed off considerably in Wk 6. Not quite finished with production.

NY - Finished. Cherries held up nicely.

OR - Harvest continues. More in Wk 7 and maybe longer.

UT - Another good week of production. Quickly winding down. There will be some production in Wk 7. Additional grower diversions done, but paperwork not yet received.

WA - Harvest complete.

WI - Still seeing good quality cherries. The harvest is going quite nicely. More production expected.
