Total	41.0	303.	22.5	283.6	209.6

Harvest 2009:

NW MI - Harvest continues. Some processors have finished taking fruit from NW MI; others are still receiving. Orchard diversions should continue in earnest.

WC MI - Harvest is done. Most diversion paperwork received and posted. Some diversion paperwork coming in.

UT - Harvest is complete. Quite a bit of diversion done. Most diversion paperwork received and posted.

WA - Production is complete.

WI - Cherries are holding up. Will pick through Wk. 8.

REMEMBER, please: Random row diversion cannot be calculated until later in the season. These are **not** posted yet.
