Total	12.2	315.9	31.6	347.5	283.6	209.6

Harvest 2009: Please note the new column “Total Prod”, above, which sums “2009 YTD” and “Diverted YTD”

NW MI - Production & diversion far exceed estimate. Harvest continues in week 9 with a few processors drawing cherries. Balatons being harvested. Diversions ongoing.

SW MI - Corrections to diversion figures reduced in-orchard diversions to 1.5 million.

UT - Additional diversion paperwork received. In-orchard diversions substantial. Total far exceeds estimate.

PLEASE NOTE: There have been some small adjustments by handlers to their production figures in various districts.

REMEMBER: Random row diversion cannot be calculated until end of the season. These are **not** posted yet.
